InstaSeal® technology eliminates need for wrenches and additional sealants

The game-changing InstaSeal® System, which centers around a gasketed welded pipe outlet and the revolutionary "Torque-Assist" protective sprinkler cap, promises to streamline the installation process for sprinkler fitters across the industry! Viking SupplyNet and Viking Fabrication Services offer a fabricated pipe featuring InstaSeal fittings in 1" welded outlets compatible with Viking's 1" ESFR sprinklers and equipped with the Torque-Assist cap.

Features and advantages of InstaSeal® Systems:

- No thread tape or sealant needed, eliminating mess and additional time-consuming installation steps
- InstaSeal Systems are cULus Listed and FM Approved
- Advanced Torque-Assist cap technology allows for hand-tightening of the sprinkler, reducing the risk of damage during installation and making it easier than ever to install
- Use Viking SupplyNet's fabricated pipe featuring 1" InstaSeal fittings with Viking's ESFR sprinklers to ensure perfect compatibility every time
- Maximum working pressure of 175 psi (12 bar)
- 3/4" and 1/2" InstaSeal fittings are coming soon!

For more information, please contact your Viking SupplyNet sales representative or visit our website at **vikinggroupinc.com**.

TECHNICAL SPECIFICATIONS

System:	InstaSeal®
Part Numbers	
Gasket Tool Kit	25022

SFPE Professional Member

Almost every individual member aspires to be an SFPE Professional Member (PMSFPE). This level is well-regarded and known throughout the profession as the gold standard, indicating a commitment, including both education and experience, second to none. Professional Members are invited to use the PMSFPE post-nominals, Professional Member logo in stationery, email signatures and serve as the Chair of one of our Standing Committees. Professional Membership is also the ticket to receiving a Fellow nomination, our highest level of membership.

The minimum requirements to apply for Professional membership include:

Graduate from an accredited engineering program AND the completion of a minimum of four-years of practice indicative of growth in engineering competency and achievement. OR, a post-graduate degree from an accredited engineering program AND the completion of a minimum of three-years of practice indicative of growth in engineering competency and achievement.

The SFPE Qualifications Subcommittee reviews applications for upgrade on a quarterly basis. Learn More about Professional Membership (member login required). Professional Member upgrade applications are reviewed quarterly each year. 2024 applications are due on March 1st, May 28th, August 29th and November 28th.
